

Would you mind On Street Parking also taking part to economic and cultural development ?

TICKERAMA is an economic way to **make your quality visible**. It is also the mean to innovate and to show a dynamism. Many purposes or items can be dealt. We have already thought about it for you.

Tickerama is an interesting “tool” for authorities who will to set a parking policy, and it is a powerful medium to target car users.

2 levels of services :

- **Tickerama ticket** quick service. The main part of elements will come from a catalog.
- **Collector ticket** that is an exclusive and original creation.

Of course, the « **Collector ticket** » conception is not exempted from humour or fantasy but a look upon our Catalog (call 00.333.85.73.98.98) will show you how serious we are.
